Document Automation

Amicus not only organizes your practice – it helps you automate it too. It can help make your firm more efficient and profitable.

Billing & Collecting

Clients don't always pay promptly. No one likes chasing them, but with a few clicks you can send a reminder, prompting them to make their payment.

Matter Management

Amicus Attorney makes all your files and all the file content instantly accessible, better organized and much easier to use.

Legal Calendaring

Automatically and accurately schedule appointments, tasks, deadlines (and much more) for yourself, or your entire firm.

ATTORNEY

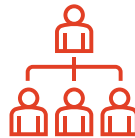

HotDocs Advance Integration

Can I get help with this section for AL & AA product sheets?

Time Capture

Bill more time, more easily. While you work, Amicus Attorney is in the background, keeping track.

Firm Management

Collaborative workflows and delegation systems keep you in the loop of who has to do what when.

Email Management

No matter who in your office sends or receives an email, it's centrally accessible to everyone.

Tasks and Deadlines

Amicus is your ultimate To-Do list. The tasks module is so fast and easy – just type and hit return – a task is created.

Client Portal

Easily share information electronically with clients, so you can work faster, and more collaboratively.

Abacus Payment Exchange

Accept all major credit cards, e-checks, and ACH payments online through a secure portal with a 3% flat rate for credit cards and a PayNow feature.
