## Email Management

No matter who in your office sends or receives an email, the information will be centrally accessible to everyone.

## Legal Calendaring

Automatically and accurately schedule appointments, tasks, deadlines (and much more) for yourself, or your entire firm.

## Files Management

Amicus Online makes all your files and all the file content instantly accessible, better organized and much easier to use.

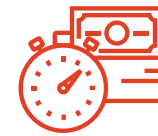

## Document Automation

Amicus Online not only organizes your practice – it helps you automate it too. It can help make your firm more efficient and profitable.

ONLINE

## Time & Billing

Bill more time, more easily with APX. While you work, Amicus Online is in the background, keeping track.

## Mobile Access

Always have the information you need by accessing your matters, calendar, contacts, notes, emails and documents from your mobile device.

## Client Portal

Easily share relevant information electronically with clients, so that you can work faster, and more collaboratively.

## Abacus Payment Exchange

Accept all major credit cards, e-checks, and ACH payments online through a secure portal with a 3% flat rate for credit cards and a PayNow feature.
